Re: Shamchuk AL, Blunt BJ, Lyons DD, Wang MQ, Gasheva A, Lewis CR, Tomlin K, Hazard ES, Hardiman GT, and Tierney KB. 2018. Nucleobase-containing compounds evoke behavioural, olfactory, and transcriptional responses in model fishes. FACETS 3: 79–102. doi:[10.1139/facets-2017-0101](https://doi.org/10.1139/facets-2017-0101)

In the originally published version of the article the ninth author's name was listed as "Gerard T. Hardiman". The author prefers to be listed as "Gary Hardiman".

The article has been corrected accordingly.
